- SFR

Candidate Statement:

I am running for Secretary because I want to continue serving our membership and dedicate my time, knowledge, and talents to strengthening our REALTOR® Association. I truly believe I can make a difference by sharing my passion for real estate, camaraderie, and education to enhance the value and opportunities we provide to our REALTOR® members, sales agents, and affiliates. This is not about me or any individual board member-it is about serving all of our members and continuing to make our Association stronger.

I have been privileged to watch this Association grow over the past two decades-from renting a small space to owning our own building, from operating our Association to becoming shareholders in our own MLS, and through the tremendous growth in education, community outreach, networking, and member opportunities. I would be honored to serve alongside our incoming President, Joseph Towns, and our fellow volunteers to build on that success, continue our growth, and create even greater value for our members
