- Affordable Housing

Candidate Statement:

I became a REALTOR® in 2002 and joined the Williamson County REALTOR® association in 2003. I have remained an active and committed member ever since, beginning with membership and education and growing into service on numerous committees and leadership roles. For more than eight years, I have proudly served as a TREPAC Trustee for Region 8 and have also served as the association's TREPAC Chair. I have witnessed our association grow from fewer than 300 members to nearly 1,900 REALTORS® and have experienced firsthand the evolution of our organization through four CEOs and countless changes in our industry. I have been fortunate to receive numerous awards and recognitions, but those accomplishments are not why I am running. I am running because I believe in this association, its members, and the important role it plays in our profession and our community.

Real estate is changing at an incredible pace, and I believe we must stay ahead of that change rather than simply react to it. As Treasurer, I would bring my experience, commitment, and understanding of our association to help ensure we remain financially responsible, transparent, and prepared for the future. I want to help our members understand where we stand financially, recognize their contributions, and ensure they have the resources and support they need to prosper. I believe the executive team must work together, and I would be honored to be part of that team as we move our association forward. When I began my career, we used pagers; today, we are learning to navigate artificial intelligence. The future of real estate is in our hands, and I am ready to help shape that future with vision, fiscal responsibility, and a steadfast commitment to our members
